# Animal Match Game 1

“And God made the wild animals of the earth after its kind, and the tame animals after its kind, and everything that crawls on the ground after its kind. And God saw that it was good.

Genesis 1:25

## 2 or More Players

- Dealer shuffles the deck and deals one card to each player until there are no cards left.
- Players hold their cards face up in their hands so only they can see the cards.
- The first player chooses a card from the person's hand on their right.
- If the first player gets a set of two matching animal cards they can remove the matching cards from their hand and lay them down.
- The second player does the same. They choose a card from the person on their right to try to get a match of two animals.
- Continue with all the players until everyone is out of cards and the person with the most animal matches wins!

Note: If there are only 2 players, they can also play with half the deck.

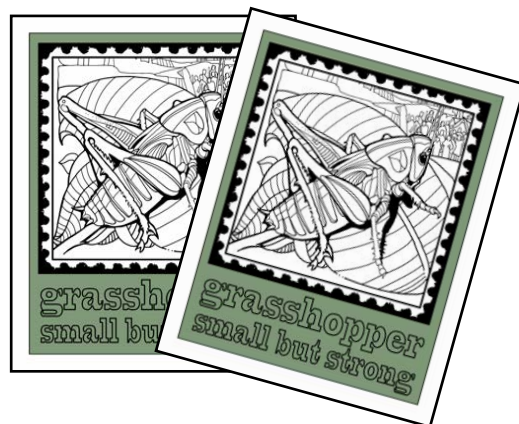

# Animal Match Game 2

“good people take good care of their  
animals”

Proverbs 12:10

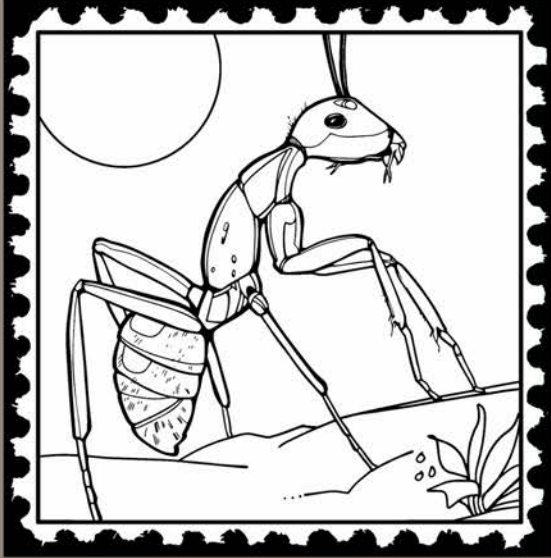

## 1 or More Players

- Place all the animal cards face down in rows.
- The first player will choose one card to turn over face up.
- The first player will choose another card to turn over to find the animal match of the first card. If the cards match, the player sets the two matching cards aside and then takes another turn. If the next two cards chosen do not match then it is the next player's turn to find 2 matching cards.
- The second player also chooses a card to turn over face up and then chooses another card to match it.
- Continue playing until all the cards have a match. The player with the most animal card matches wins!
